Queen Creek

Performing Arts Center

**Welcome to our 8th annual recital!
Although, last year's show was a lot different we are still going to count it!**

The past year has presented many challenges and struggles for everyone, but we couldn't be more thrilled to finally be able to perform for you today! We have had to reimagine our show and it may look a little different than they have in the past due to restrictions on gathering in large groups. We don't have our large production number to open the show or the Daddy Daughter dance, but rest assured that our creative staff of instructors have already started planning for next season!

What you will witness today is the evolution of our dancers, from our tiniest 2-year-old that just started dancing all the way to our teen dancers that have been with us since we opened and our graduating Seniors that will perform their final solos on this stage today. It fills our hearts to see how the magic of dance not only teaches dance technique but important life skills and creates childhood memories and lasting friendships.

Our show would not be possible without the help of many volunteers, our front desk staff, our talented staff of instructors and dedicated parents. Thank you to everyone that has sewn and altered costumes, helped around the studio throughout the year and all of those working behind the scenes today to help our show run smoothly. You all are greatly appreciated!

We hope you enjoy the show and we look forward to seeing you at our summer camps and again when our 2021-2022 season begins August 2, 2021.

Thank You

Izie Figueroa

Isabella R. Figueroa (aka Izie) started her dancing career at age 6 with Jeanne's School of Dance, known today as our very own NuEvolution Dance Studio, and has trained there ever since. She has been part of the studio's company team for just as long and is well-versed in Ballet, Jazz, Contemporary, and Hip Hop. To share her love for dance and gain a teacher's perspective, Izie volunteered her time as a teacher assistant with the younger classes throughout high school.

Dance has played an integral part in Izie's life and has given her numerous opportunities such as taking classes from professional choreographers, partaking in an episode of Dance Moms, and even auditioning for America's Got Talent with her Hip Hop Company in Las Vegas.

Izie is also part of the Advanced Dance Program at Perry High School, where she recently won 1st Place in the Arizona Dance Education Organization Essay Contest for 2021. She is also an inducted member of the National Honors Society for Dance Arts, National Honors Society, and is graduating Cum Laude in her class.

Next year, Izie will be attending Arizona State University in the Fall for Graphic Design. She plans to pursue dance on the side, whether it be to teach or be part of a professional dance company.

A final thank you to all her teachers that challenged her because they believed in her potential; Thank you for creating an environment that allowed her to flourish, grow and succeed in a positive light. Most importantly, Ms. Angie and Ms. Rashell... There are no words to express how grateful we are for making these once-in-a-lifetime opportunities possible for Izie. Thank you from the bottom of our hearts for being kind, supportive, empathetic, and always willing to find a solution in time of need. Thank you for taking Izie under your wing and helping raise her into the young lady that she is today. We love you.

2021 Senior

Yulisa

Yulisa formally got involved in dance her freshman year of high school, although we're pretty sure she's been dancing to the beat of a rhythm in her soul since day 1.

Because she got started later than most dancers, it was more difficult for her to find a place where she could stretch her wings, develop her passion, and feel included in the dance community. She has been involved in the dance program at Perry High School all 4 years and it became a place where she developed friendships and community. But finding NuEvolution was like the icing on the cake. It was the first studio she tried where she was accepted, welcomed, and valued for her passion and skills more than her experience. We are so thankful she's had the opportunity to dance under Kat's training for the last 2 years. Thank you, NuEvolution, for fighting to provide this culmination recital and the opportunity to recognize the seniors as they move on to their next adventure.

Yulisa will be pursuing her dreams of a career in visual arts and communication by attending Vanguard University in California next fall.
